

Would you clean up to 30 hotel rooms for \$8.50 an hour?

Dear Hyatt Guest,

The housekeepers of the Manchester Grand Hyatt are currently cleaning up to 30 rooms for as low as \$8.50 an hour. A new company policy recently increased the housekeeping workload from 16 rooms to up to 30 while not taking into account the potential physical harm this condition may impose upon us.

In response to this outrageous policy, we formed an organization called Hyatt Housekeepers United for Our Rights and have been trying to negotiate with management regarding this and other issues. Hyatt has responded by giving us a choice: cleaning up to 30 rooms or quitting our job.

We care about your stay and want to continue serving you, our guests, the best we can. That is why we need your help. Please ask to speak to Manchester Grand Hyatt Resident Manager- Michael Koffler at (619) 358-6996 and express your support for the women by stating opposition to the 30 room policy and support to keep the 16 room maximum in Seaport tower and 17 room maximum in Harbor tower.

Respectfully,

Hyatt Housekeepers United for Our Rights
